Autumn Refresher Workshop in Chemistry

This course is for teachers of chemistry who are new to the profession or recently returning to teach the **revised chemistry syllabus**. It offers guidance in teaching and learning to teachers who may not be formally qualified in the area of chemistry.

There will be **hands-on experience** to master the skills required in carrying out a number of the **mandatory experiments**. Effective use of ICT, such as **Padlet**, will be explored.

Volumetric Analysis and **Organic Practicals** are included with the emphasis on safety and procedural knowledge as outlined in the Mandatory Experiment CD. Teachers will get an opportunity to set up and prepare organic compounds including the preparation of Benzoic acid and Clove Oil separation. **Safety techniques** and **exam questions** related to the experiments will also be discussed.

Please **bring a lab coat, safety glasses** and, if possible a mobile device to record results.

Course Dates & Venues:

Date	Day	Time	Venue
22/09/2018	Sat	9.00 – 15.00	Eureka Lab University College Cork
29/09/2018	Sat	9.15 – 15.30	Dublin City University

Registration:

To register on this workshop please go to <http://pdst.ie/onlinebooking>
