

**SUITABLE FOR ALL SECONDARY SCHOOL CHEMISTRY & SCIENCE
TEACHERS – A LIMITED NUMBER OF PLACES AVAILABLE**

A Saturday Morning Chemistry Demonstrations Workshop 09:00 – 13:30, Saturday morning, 6th April 2024

In this hands-on, interactive Saturday morning workshop, you will:

- learn how to perform a selection of interesting chemistry demonstrations for your students and how to align these demonstrations with the learning outcomes of the Junior and Senior Cycle courses
- receive a 'goodie bag' of selected props and chemicals, and softcopies of the demonstration procedures, risk assessments, etc. to help you perform the demonstrations back at school
- get a 'guided tour' of the UL Dept. of Chemical Sciences' large-scale, interactive periodic table display

Schedule:

09:00 – 09:15	Welcome, registration: A3009 laboratory (Main Building, UL)
09:15 – 09:45	A short chemistry demonstrations show
09:45 – 10:15	Safety first!
10:15 – 10:45	Tea, coffee, scones, pavlova
10:45 – 12:45	Practical session – practice and perfect the chemistry demonstrations for yourself
12:45 – 13:30	A 'guided tour' of UL Dept. of Chemical Sciences' large-scale periodic table display

Venue:

A3-009 Laboratory, Dept. of Chemical Sciences, University of Limerick – detailed directions to the laboratory will be provided in the days prior to the workshop

Cost:

€40 per teacher – cost includes the selection of props/chemicals, softcopies of documentation, and mid-morning refreshments

How to register:

Places are limited, so register now on Eventbrite:
